# WP&B
## DIGITAL IMAGING

**WILLAMETTE PRINT & BLUEPRINT COMPANY, INC.**

*Client-Driven Service Since 1975*

# Come see what's new in the world of Décor and earn an AIA credit

## The Details

**Course brief**
Continuing Education Course will educate Architects, Interior Decorators and Designers on the applications of HP's Digital Wall Décor for multiple industry segments.

**How long is the course**
The course lasts a little less than an hour but can go longer if we have questions.

**Where**
We will come to your office and provide the presentation in a place where we can utilize a projection screen for the slideshow.

**How do we schedule a course**
Please contact Jeff Morin or Neil Humphrey at (503) 223-5011 or by email at jeff@wpbinc.com or neil@wpbinc.com

**A lot has changed in the world of décor, and we want to share our knowledge**

The course will cover how digital décor wallcoverings makes on-demand custom wall coverings possible, **plus you can earn an AIA continuing education credit!** We have technology that makes it easy to design and print custom wallcoverings on a wide variety of media with great image quality and environmental benefits.

The Digital Décor Wallcoverings course was developed by Hewlett-Packard to assist architects and interior designers better understand digital wall décor trends, printing and media technologies and methods of installation. Professionals that are designing and intgrating wallcoverings into building designs will find the course very valuable. The course is registered with AIA CES for continuing professional education.
